# 1 Why this course?

Join fellow teachers, school leaders and Erasmus+ practitioners from across Europe for a dynamic, policy-driven event focused on the future of professional learning in schools.

In line with the latest Erasmus+ policy shift, this course explores the growing emphasis on job shadowing as a powerful form of staff development. It invites participants to move beyond formality and unlock the full pedagogical potential of peer-based, contextualised and experience-rich learning.

## 2 Key Themes

- How can Erasmus+ support structural change in how we teach and learn?
- What makes job shadowing truly impactful – and how can we prepare for it?
- How do EU priorities shape local practice and school partnerships?

## 3 Practice-Based Format

Each participant...

- joins a thematic group (inclusion, digitalisation, sustainability, democracy)
- is encouraged to present a real school-based practice
- exchanges with peers through guided reflection and dialogue
- builds future Erasmus+ partnerships through matchmaking activities

## 4 What You'll Gain

- ✓ Inspiration from school practices across Europe
- ✓ On-site visits to Brussels schools and EU institutions
- ✓ Practical tools for designing high-impact job shadowing
- ✓ Partner connections for your 2026 Erasmus+ mobility project
